### **Pack the Stands Event Preparation**

The Pack the Stands event has become a tradition over that past few years and is always a terrific event. Working with Horns recreation, we choose a game (this year it will be on January 25<sup>th</sup> against U of C) and "Pack the Stands" with residents. Coordinating half-time contests, event advertising, organizing food between games and covering admission costs are all part of the preparation that goes into the event.

Out of town trips, such as our annual ski trip and Calgary Flames game trip require a lot of work, and although the event does not come around until the second semester, lots of early planning is required to make sure the event is safe, well-organized and approved.

### **Meetings**

I met a number of times throughout the month with Housing Services management to discuss issues that are pressing to my constituents as a platform to work together to provide the best possible experience for the students that I represent.
