- Destination Project Site Tour & Consultations*
- Holiday Wrap-Up Events & Miscellaneous*

General Assembly By-Election

This month, we hosted our third by-election of the year to fill the positions of Education Rep and Management Rep. We are thrilled to welcome Mikayla Kwan and Christian Blott to fill those positions, respectively.

Destination Project Site Tour & Consultations

This month, Royal and I received our formal board orientation along with a site tour of the destination project. I am absolutely overwhelmed with the scope of the project and look forward to seeing students moving around the building. I was also happy to offer feedback on a few of the plans for classroom planning, along with recommendations that the project managers aim to complete most of the work connecting the project to University Hall over the summer, as to avoid disrupting residence students during the academic year.

Holiday Wrap-Up Events & Miscellaneous

With the year winding down, we've been lucky to be able to take part in several year-end events such as our GA holiday party, Quest Christmas lunch, Board of Governors dinner, etc.

With the short month, we have been doing much to ensure we have our loose ends tied before heading into the break, and have begun to speed up on upcoming projects such as the UPass campaign.

Office of the **PRESIDENT**
