December 2017

Total Hour Contribution: 3 hours

Hour Breakdown:

- General Faculties Council (2 hours)
- General Assembly Meeting (1 hour)

General Faculties Council (GFC)

This GFC meeting involved a great and lengthy discussion about the by-laws of the Council and its processes going forward. We also received updates on interactions between the Government of Alberta and the University administration.

General Assembly Meeting

This month's General Assembly meeting was shorter than normal. We ratified our by-election results from the preceding meeting, and we engaged in discussion regarding a new event that will be brought forth to the student body in January.

This month, I was short on hours due to Christmas break and the lack of committees during the month. I look forward to making up the remaining seven hours during the months to come.

Thank you,

Laura Bryan
