February 2018

Total Hour Contribution: 7.5 hours

Hour Breakdown:

- General Assembly Meeting (1 hour)
- Tabling (1 hour)
- General Faculties Council (1.5 hours)
- Advocacy Advisory Committee (1.5 hours)
- Arts and Science Council (1.5 hours)
- Meeting with Registrar and Associate Vice-President Students (1 hour)

General Assembly Meeting

This month's meeting was very short and sweet. At this meeting, we discussed the UPass referendum at length. We also approved the Anti-Discrimination Policy Statement.

Tabling

I once again had the opportunity to table for the Calm Cafes. I love being able to engage with students about the imperative nature of accessible mental health resources on campus.

General Faculties Council

This GFC meeting was our first after the holiday break. At this meeting, we went over the Destination Project and its progress, as well as various institutional details.

Advocacy Advisory Committee

At this meeting, we went over a few different policy statements at length. We also talked about which policy statements we think will be important for our organization going forward.

Arts and Science Council

At our first meeting back after the break, we discussed issues such as exam timetabling and the Destination Project.

Meeting with Registrar and Associate Vice-President Students

This month, I was privileged to be able to attend a meeting with Susie Kennedy and Kathleen Massey about issues regarding timetabling and exam scheduling. It was an honour to be able to speak with them about how changes may affect students.

Thank you,

Laura Bryan
