February Report

Hours (11.5 hours):

General Faculties Council Meeting: 2 hours

Calm Cafe: 4.5 hours

GA Meeting: 1 hour

EUS Activities (as ULSU rep): 4 hours

General Faculties Council:

I was excited to attend my first GFC meeting this month. I found the meeting very informative and learned many things about how the university is progressing moving forward. I especially appreciated during this meeting how they were looking for student input on some topics. I look forward to the next meeting.

Calm Cafe:

I assisted with the Calm Cafe during Mental Health Week on two occasions. It was great to see the engagement with this event, even if it was for the free food and drinks. I also noticed that some students just liked having a place to sit down and work. One group even got a bit sad when I had to pack up on Friday and they suggested we have board games available weekly!

General Assembly Meeting:

I attended my second GA meeting as a voting member. It was a very informational meeting, especially pertaining to the UPass, and I appreciate the work that has been put in for this to be presented to the students.

EUS Activities:

As the ULSU rep on EUS, I completed 3 official office hours. I also attended executive meetings and one GA meeting. The EUS has conducted their elections for the Fall 2018 semester and we are excited to begin with transition and training. Our Pre-Ed Event is scheduled for Tuesday March 20th in the Zoo, focusing on more information about the faculty and assistance with applying to the faculty (along with Trivia and Food).

I look forward to the upcoming month of March and to be further involved in ULSU activities (including my first Club Council). Should you have any questions regarding my report, or anything pertaining to the Faculty of Education, please do not hesitate to contact me.

Thank you,
Mikayla Kwan
