January 2018

Total Hour Contribution: 17.5 hours

Hour Breakdown:

- General Assembly Meeting (2 hours)
- Executive Accountability (2 hours)
- 2 Years Eve (9.5 hours)
- Tabling (4 hours)

### **General Assembly Meeting**

It was great to see everyone after the holiday break. At this meeting, we met our new Chair and watched a presentation by the Model United Nations club. We also had a very important discussion regarding different funding avenues.

### **Executive Accountability**

This month, the rest of the committee and I met to finalize the survey that was sent to all members of the General Assembly. After all of the results were finalized, I met with both Sandeep, Vice-President Academic, and Hailey, President, to present them with their individual results.

### **2 Years Eve**

I really enjoyed the 2 Years Eve cabaret that happened on January 20th. Before the event, I was able to help decorate the SU cafeteria in order to help promote the event. Directly before, I blew up balloons and decorated the ballrooms. During the cabaret, I served appetizers to students for the majority of the night. It was a lot of fun, and I hope that the event grows next year.

### **Tabling**

During Club Rush Week, I tabled for four hours to help promote the ULSU and its services.

Thank you,

Laura Bryan
