LOOKING BACK

NOTE: Please give more details than the examples shown. Also, if you have nothing to report in a particular line, just type in "Nothing to report".

Goals I've accomplished:

People I've worked with:

(list people you've worked with or who have been instrumental with providing info or help & what they did).

-I have worked with Britany Allen for the Mental Health and Wellness Committee, where we raised issues on how to Support Indigenous Communities and Gender Based and Sexual Violence
 -I have met with the Dean of Arts and Science, two times to discuss the upcoming school year and resources on campus

Meetings I've prepared for:

(eg: Planning Committee meeting – read 50 page agenda & asked questions prior to the meeting so I would have well thought out ideas)

-I have prepared for the Mental Health and Wellness Committee by asking people around me about what counselling services can do and events on campus to best support students. I have also made sure to read and understand the Sexual Violence and Gender Report given out this year by Alberta Government, in order to understand how we can help more

Meetings & activities attended, people I've spoken with:

-Fresh Fest volunteering, Professors and Dean of Arts and Science

Tactics on how I promoted SU events:

(eg: created & hung a huge banner in the atrium)

-During Fresh Fest, tried to convince people to join activities and meet new people

Challenges I've encountered:

(eg: people won't get back to me when I leave them a message)

-People may send concerns and opinions after the meeting is over and would have to bring it up a later time which can delay resolving the issue.

How my work has impacted students in my constituency

(eg: students are enjoying the lounge area we restored and are making new friends).

-I have been trying to work on making scholarships more accessible and widespread. I have been talking to Wezi who sits in the committee for Scholarships. Often time the website can be hard to navigate and can have less scholarships for first year students.

Details on outcomes:

(eg: only 50 people attended my workshop, but they had a great time & learned a lot... give more details though.)

Nothing to Report

Have read council reports:
(eg: I've read everyone's council report and EC minutes so I'm well informed & a team player).

-I have made sure to read all council reports currently to make sure I can also inform other people and be prepared in the upcoming meetings

CURRENTLY

Goals I'm pursuing:
(list your goals no matter how insignificant they may seem, even if it's just to keep up with regular duties).

-I am pursuing the scholarship issue, with hopes that we can also find other external links to scholarships and make them more accessible for students, such as a website for students to access

Projects I'm working on:
(name your projects with pertinent details & possible timeline of completion)

-I am currently talking to people around me who have raised issues about what the university can do to best support individuals who have been sexually assaulted, which stems from the Mental Health and Wellness Committee.
-Instagram account where individuals can find access to student success centre, tutoring, international student resources and counselling supports

Things I'm helping other people with:
(please list the things you are helping others with and your duties).

-Nothing to report, however I hope to volunteer with the Indigenous Centre
