ULSU General Assembly

On December 5th during the ULSU General Assembly we approved the budget for this year's Last Class Bash and approved funding for Walter Echo-Hawk to come speak on campus this semester in addition to regular council duties.

Associate Dean Interview Preparation

I had the privilege to sit on the Associate Dean of Health Sciences selection committee. Prior to conducting interviews for selected candidates, I extensively reviewed their curriculum vitae and applications to have a good background knowledge before their interview.

Associate Dean Interviews

On Friday, December 13th we conducted the Associate Dean of Health Sciences interviews. On this committee I represented the undergraduate student voice, and asked several questions regarding student experience and dedication to all of our incredible programs within Health Sciences. Upon completing the scheduled interviews, the committee then discussed the success of each candidate and deliberated our opinions on who would best serve as the Associate Dean of Health Sciences. It was truly a tough decision as all candidates were exceptionally qualified.

General Faculties Council

At General Faculties Council we discussed several initiatives within the school community. I was very excited to hear about steps the U of L is making to address food insecurity within our student population.

ULSU Photos

Throughout the month of December I began updating our General Assembly members' photos by taking new headshots to be utilized in spaces such as the ULSU website.
