January: Board of Governors Teaching Chair Review

The Board of Governors Teaching Chairs (BoGTC) program is intended to recognize faculty who are exceptional teachers and will further the enhancement of teaching excellence at the University of Lethbridge (UofL). I had the great opportunity to sit on the selection committee for the next Teaching Chair, reviewing excellent applications and proposals from each candidate. (My apologies for not including this in my January report)

Stress-Less Week: Paint Night

As part of Stress-Less Week, a paint night was put on for all those who wanted a moment to relax and paint whatever they wanted. Thanks to everyone who came out!

Stress-Less Week: Calm Café

Several Calm Cafés were put on throughout Stress-Less Week, where students could come grab a quick snack, sit down for a moment, and do some art or play some board games.

February General Assembly

At this month's General Assembly meeting we reviewed a QIP proposal and oversaw the ratification of a few new clubs.

Strategic Planning Committee

The Strategic Plan for the next five years is slowly taking form, and this month we reviewed the document in its current state, making structure and grammar changes in order to best communicate our thoughts and plans to those in the SU for future years to come.

International Dinner

Several GA members and I enjoyed an evening of international food as representatives of the Students' Union at the 27th International Dinner. The SU donated several items to the silent auction, which was in support of the International Students' Emergency Bursary.

General Assembly Bonding

As the year is slowly winding up, and soon we will be welcoming the incoming General Assembly for the next year, the current General Assembly threw a small celebration of all of the work we had achieved over the last year or so.
