January 2020 Report
Contribution Hours: 34 + 17.5 = 51.5

- Meet the GA day (5)
- Arts and Science Research and Teaching Meeting (1)
- Pronghorns Cheering Challenge (4.5)
- Club Rush Week (5)
- January GA Meeting (2)

Meet the GA Day

This month the GA set up 2 days to sit in the UHall atrium to be available to students to ask any questions they may have as well as a draw for some prizes! I believe this was very successful in getting out the things that the Students Union does for the students, as well as providing answers to questions that students may have about us or the school in general!

Arts and Science Research and Teaching Meeting

I have the opportunity of sitting on a committee that has not previously met very often due to the duties of this committee not being very clear or being outdated. We had our first meeting this month and discussed what the committee should be responsible and will be working on how we can accomplish the things we want with this committee in the future!

Pronghorns Cheering Challenge

The Pronghorns Cheering challenge is an opportunity for students to attend a sporting event on campus for free with their student ID. This year it was held at women's and men's basketball games, and we got to give the students some cheering gear as well as some free pizza! This is also an opportunity for clubs to win prizes for showing school spirit and cheering on our school athletics. We had a great turnout and had a really fun time!

Club Rush Week

Office of the ULSU

The ULSU had a table during club rush to provide answers to questions students may have had, as well as helping people to find clubs. We were also there to help clubs find the correct tables and keep the space organized. We also had a volunteer sign up for students to gain volunteer hours through the ULSU.

January GA Meeting

In this month's General Assembly meeting we discussed upcoming events for the ULSU, like sexy week and stress less week which both focus on educating while also having fun events! We also ratified a few clubs this month!
