Notes:

- It was such an honour to sit on the convocation stage and watch all of the students celebrate their hard work over the last few years! The energy that came with having so many students on campus was so exciting, and I cannot wait for our in-person return this September
- Ahead of the Heard was held in person this year, and to reiterate my above point, it was so exciting to have new students on campus once again. It was so much fun playing Bubble fun soccer with new students/other volunteers, as well as seeing new students have fun on the bouncy castle.
- This month we travelled to Ottawa for the CASA Foundations Conference. Please see my travel report for details on what we did/learned. I was so nice to spend other time with other student leaders across Canada, and everyday I am inspired by the amazing initiatives that come out of student governments.
- June was the month that I officially took over all CAUS Chair duties, so our Exec team has been working hard to make sure everything is in order and to get the ball rolling on our goals/priorities. My duties have also included regular meetings with our summer students who I am *very* excited to work with, as well as frequent (almost daily) informal Zoom meetings with our ED to make sure that everything is running smoothly.

Office of the **VICE PRESIDENT EXTERNAL**

- We have officially set dates for the Lethbridge CAUS Counterparts conference, so I have been busy helping plan that over the last part of June.
- I have almost wrapped up all of my Advocacy Meetings with individual GA members. It has been so nice putting names to faces and getting to know the people who I will be working with/supporting over the next year. It has also been extremely helpful to hear concerns directly from students regarding what I need to advocate for to external stakeholders. After hearing all of the fantastic initiatives and ideas our GA members have, I am very optimistic for the next year.

As always, if you have any questions or concerns, please contact me at su.external@uleth.ca

All the best,

Samantha Scott
