Transition Forms

St. Patrick's Day Event (Online Engagement Committee)

We executed the Leprechaun hunt this month and it was very successful! Many students really enjoyed it. I tied up some loose ends before the hunt was launched and made sure everything was in order.

GA Meeting

The executive council delivered their monthly reports, with things becoming more busy there was a lot to be covered. GA members and executive council members informed us of the events and initiatives they are carrying out. Important items such as the transition schedule and responsibilities were brought to our attention. Decisions were made about expenditures.

GFC Library Committee Meeting

Although I was unable to attend this meeting, I reviewed the agenda. Once the notes are sent out, I will review them myself.

Transition Forms

As GA members we were required to fill out a form documenting our roles. I described my responsibilities as the First Year Representative and provided some recommendations to whoever my successor will be. This will be given to my successor in their transition manual.
