#### Hours Breakdown

*(Meetings, events and activities that I've attended in my role, with a breakdown of hours)*

- Was at CAUS Advocacy week in Edmonton. I met with Ministers and MLA's that are currently stakeholders in Post-Secondary Education (including Indigenous Affairs)
- Worked with Iikassikini frequently, constantly trying to find ways to incorporate Indigenous Perspectives in events and activities that are occurring within the campus community
- Attending EDIA committee meeting and reaching out to Indigenous Awareness training for the GA members, EC and the SU staff
- Conducting a Pizza Get Together for Indigenous Students and the A.M.R/IRC committee and club.

#### Highlights and Reflection on monthly activity

*(Information of note, what went well, what did not)*

- CAUS week was outstanding, and made a lot of connections to bring to the university for speaking, performing and awareness training
- Met with Rick Willson the Minister of Indigenous Affairs in Alberta along with Andrew Boitchenko. The meeting's went well. Continuing to advocate for TRC's within our Post-Secondary Institutions
- Building a proposal to submit to the Minister of Advance Education/Minister of Indigenous Affairs to hopefully ignite a understanding of the need for funding for our Indigenous Students

#### Projects in Progress

*(Projects that I am currently working on, who I am working with, what resources do I require?)*

- Putting together events and presentations during Indigenous Awareness Week. Incorporating more than a Blackfoot perspective. Practicing and raising awareness that not all one Indigenous culture is the same. The resources I require, is the determination and students passion towards building a campus community that brings equity as well as understanding for all.
- Currently trying to have some more mental health awareness for Wellness

	Wednesdays.
<b>Completed Projects</b> <i>(Projects that I have completed, what went well, what did not, and why)</i>	- Bringing a West Coast perspective to campus during Indigenous Awareness Week. Nothing else to report.
<b>Challenges I've Encountered:</b> <i>(eg: I can't get volunteers, not enough funding, the equipment didn't work properly, etc.).</i>	- Figuring out how to have a presence when it comes to Wellness Wednesdays and the ability to have something occur without falling through. - Department's have reached out for support, without understanding that they must follow protocol and pay elders, dancers and singers.
<b>Goals I've Accomplished this Month:</b> <i>(kept up with regular duties &amp;/or accomplished additional goals)</i>	- Have West Coast knowledge and a presence on campus for Indigenous Awareness Week - Had a successful Pizza Party before finals with Indigenous Students and friends - Got into contact with the Metis Community about how to have a presence on campus for YEARS to come.

## MOVING FORWARD

<b>Current or Upcoming Tasks:</b> <i>(upcoming activities or tasks I will be participating in or spearheading, possible timeline of completion, who will I be working with).</i>	- Working on attempting to have Jody-Wilson Raybould at the university to speak. Whether that is this coming academic year, or the next. Trying to establish a connection with important speakers to improve the possibilities for presentations and keynotes in the future.
<b>Goals for Next Month:</b> <i>(What I would like to accomplish next month as a ULSU representative)</i>	- Trying to find more incorporating of Metis culture in the coming year for more awareness on campus. - Find the correct Indigenous Awareness Training for the university staff
<b>Important Dates/Deadlines:</b> <i>(important deadlines related to my goals or position).</i>	- March 4th-8th - CAUS Counterparts (Jan. 24th) -
