LOOKING BACK

Meetings & activities attended, people I've spoken with:

Note: The following meetings are listed by the occurrence date, not by importance. If you have any questions about anything laid out in the report, please feel free to contact me at su.healthsci@uleth.ca.

GA Meeting 3.0hrs x2

We held a general assembly meeting to discuss student affairs, areas of growth, and opportunities to increase internal collaboration.

Legislative Review Committee Meeting 2.0hrs

We assigned bylaws and policies to executive members on the team. We also were able to talk about the direction we wanted the policies to go in addition to some team goal setting.

General Faculties Council – 3.0hrs

I attended GFC as we talked about the important topics currently impacting students. This was a great opportunity to connect with leaders in the community, and gain more information about applying for the EDI Advisory Committee

Clubs Council – 1.0

I attended Club's Council as we were able to discuss the progression of setting up club banking. This has been an issue I have been tracking through utilizing communications with multiple clubs.

Imaginus Security – 13.75hrs

I helped to support the Imaginus poster gallery by signing up to supervise the art. It was a great way for me to connecting with students who are engaged with public art while on campus.

Faculty HSC Meeting – 2.0hrs

Items discussed included several important items such as curriculum changes, and some of the challenges seen within the student population.

Southern Alberta Medicine Meeting – 1.0hrs

I was able to meet with other leadings students in the project of the medical school programming. In this meeting, we talked about some of the early stages of what admission pathways may look like. I was able to provide my insight to the topic to highlight marginalized populations who subside from rural populations.

EDIA Committee Meeting – 2.0hrs

We discussed different ways that we wanted to see this semester going; including creating a strategic action plan. We also discussed several important items such as those that unequally negatively impact marginalized populations.

Promotion

- Promotion of events on personal Instagram account
- Wearing ULSU merchandise on campus
- Preparing for all meetings by preparing questions & reading the agenda.
- Encouragement of all GA members to complete Sexual & Gender Based Violence

CURRENTLY

Projects I'm working on:

EDIA Committee – I am chairing the EDIA Committee and uncovering the impact we can have on policy in our community.

Mentorship Project – I am currently developing one of the most innovative strategic mentorships plans in the country. Currently piloting in the nursing program, this program will eventually expand to oversee all of health sciences.

Connecting with RBC – I will be re-connecting with RBC on campus to see how this group can provide educational services for University of Lethbridge Students.

Connecting with ORIS: I hope to connect with the ULethbridge Office of Research & Innovation to see how the Faculty of Health Sciences can support the mission to have our own research ethics board.
