EUS - Education Undergraduate Society Meetings

As the education representation of the ULSU, I have a seat on the EUS executive. This month I volunteered for setup on one of their PD opportunities.

General Faculty Council

During this meeting we appointed several committee members and various other administrative tasks. We also discussed the upcoming implementation of the Chicago Principals. For more information on this committee or the minutes of this meeting, please reference; <https://www.uleth.ca/governance/general-faculties-council>

Education Curriculum Committee

Our meeting for the month of October was canceled due to lack of an agenda.

Education Executive Committee

During this meeting we discussed some administrative tasks. One major topic was surrounding the wording of several instructor and professor positions. Feel free to reach out if you have any questions in regard to my participation in this committee. We also ratified Parker and I as the appropriate SU representatives for the year on behalf of the EFC.

Education Faculty Council

Office of the **ULSU**

During this meeting we discussed several items discussed at Education Executive Committee. Other standard business occurred.

Let's Talk About Sex – GA Initiative

This event was originally proposed by Amy. We saw a turnout of 49 members of our community. We hosted a conversation around sexuality, healthy sex, consent, and LGBTQ2S+ perspectives. The event was just under two hours plus many hours of planning.

There Be Light Night

I attended the Let There Be Light Night as a representative of the SU. This event is put on in spirit of our motto, Fiat Lux, let there be light. It was put on by the Alumni Association. Each year they honor alumni from the University of Lethbridge. This event took place on Friday, October 18th from 7pm onwards.

Strategic Planning Committee -ULSU

This is an internal committee to the ULSU that sets goals for the organization for the future. During our first meeting we reviewed the previous strategic plan and goals for the committee. Building on the first meeting, the second meeting allowed us to create an outline for the strategic plan.

Please feel empowered to reach out if you have any questions on my report or my other roles at the Education Representative on the ULSU.

*All the best,
Ethan Pullan*
