October, 2019 Report
Contribution Hours: 13

- Let's Talk About Sex (1.5hrs)*
- General Assembly (1hr)*
- General Assembly Refresh (1.5 hrs)*
- ULSU Volunteer Fair (3hrs)*
- MSS Etiquette Dinner (4hrs)*
- Strategic Planning Committee (2hrs)*

Let's Talk About Sex

I attended the joint ORS and SU event to discuss consent, sexual health, and intersectionality. This event had breakout groups where we got to participate in exercises ranging from learning consent through handshakes, or an activity called "Privilege for Sale". The group I was sitting in had a lot of forward-thinking discussion and I had a wonderful time listening and engaging in an unfortunately under looked topic.

General Assembly

I attended the October General Assembly meeting in which I was ratified to be a member of the assembly. We had some fruitful discussion about the Meliorist Levy increase and we also approved a tech expenditure for the General Manager of the ULSU. In addition to this I watched Education Representative Ethan Pullan almost catch a Timbit in his mouth.

General Assembly Refresh

I had a lovely lunch with VP Academic Kate Potts and she provided me with an overview of what the ULSU does and how it operates. This information will allow me to be an effective representative due to the

breadth of knowledge we covered. In addition to this I was given a tour of all of our facilities.

ULSU Volunteer Fair

I tabled with a few other representatives and Paige our Volunteer Coordinator to promote volunteering opportunities for the ULSU. I was able to get individuals to sign up to be put on the mail list for future events. We also promoted the function and purpose of the ULSU.

Strategic Planning Committee

In the month of October, I attended two Strategic Planning Committee meetings. In our first meeting we discussed the last strategic plan that was developed and deliberated on opportunities for improvement. In our second meeting we discussed and strategized some new objectives for the ULSU in the next 5 years. I leave every meeting delighted with the level of insight I have seen in our discussion.
