## LOOKING BACK

**Goals I've accomplished this month:**

- Attended my usual meetings
- Volunteered for Mental Health Week
- Attended GA Orientation

**People I've worked with:**

- Arts & Science Executive Council

**Meetings, activities, conversations:**

- Arts & Science Executive Council
- GA orientation
- Volunteering at the snack station for Mental Health Week

**Tactics on how I promoted SU events:**

- Engaged with students while volunteering at the snack station and educated them about what the SU does

**Challenges I've encountered:**

The past month has been very busy with school and I travelled to Paris as well with the ULeth iGEM team so it was difficult to balance my busy and stressful schedule. However, I made it through and look forward to the remainder of the semester!

**Council reports & EC minutes:**

- During the reading break I plan to review some of the EC minutes

## MOVING FORWARD

**Current or upcoming tasks:**

- This month I have an idea that I would like to discuss with the Mental Health Working Group
- I would like to volunteer at the connections café as well

**People I will need to meet with:**

- Micheala
- The Mental Health Working Group
