Student Timetable Workgroup

During the month of June, I participated in a test run of the new school scheduling program to give feedback if the scheduling technology works on a macro level.

EUS - Education Undergraduate Society Meetings

As the education representation of the ULSU, I have a seat on the EUS executive.

- Thursday Sept 5: We met as an EUS exec to go over operating procedures, office policies, and membership processes. (1 hour)
- I attended Clubs Council on behalf of the EUS (1 hour)

General Faculty Council

During this GFC Meeting we discussed the new sexual violence policy, announcements about the Science Commons and other administrative tasks. For more information on this committee or the minutes of this meeting, please reference; <https://www.uleth.ca/governance/general-faculties-council>

Fresh Fest

During the first day of fresh fest I helped with the ticket check in and registration process as well as some other pop-up tasks throughout the day.

Education Curriculum Committee

This was the first ECC meeting of the semester. We discussed some minor administrative changes to the Calendar and motioned to bring these changes forward to the Education Faculty Committee at the September meeting.

Education Executive Committee

During this meeting, we discussed some administrative tasks. One major topic was surrounding future timing of PSI/PSII Seminar classes. Feel free to reach out if you have any questions in regard to my participation in this committee. We also ratified Parker and I as the appropriate SU representatives for the year on behalf of the EFC.

Education Faculty Committee

During this meeting we further discussed the impact of the time tabling conundrum. We also heard several presentations from various stakeholders across campus.

Please feel empowered to reach out if you have any questions on my report or my other roles at the Education Representative on the ULSU.

*All the best,
Ethan Pullan*
