LOOKING BACK

NOTE: Please give more details than the examples shown. Also, if you have nothing to report in a particular line, just type in "Nothing to report".

Goals I've accomplished:
 This first month I've been mainly learning about the SU and adjusting to my duties and council positions, while also getting acquainted with the other SU members and staff. I've managed to contribute some volunteer hours, met to discuss ongoing work with SU members, and scheduled meetings to discuss things I believe are issues with academic staff.

People I've worked with:
(list people you've worked with or who have been instrumental with providing info or help & what they did).
 All of the executives have been helpful in catching me up to speed, particularly Kairvee and Gage who I've interacted with the most at this point. The executives have been exceptionally knowledgeable in all realms of SU affairs and very willing to teach me. Besides them, I've worked with other GA members, volunteers, and the members of committees which I sit on.

Meetings I've prepared for:
(eg: Planning Committee meeting – read 50 page agenda & asked questions prior to the meeting so I would have well thought out ideas)
 Arts and Science Executive Council, Arts and Science Council, the September GA meeting (which I had to send regrets for due to a class), GFC, and a 1 on 1 with Gage.

Meetings & activities attended, people I've spoken with:
 I've attended all the meetings listed above, minus the September GA meeting, and volunteered my time at Fresh Fest and Connections Cafe. I also attended, just to support, the Bob Ross paint night for mental health week.

Tactics on how I promoted SU events:
(eg: created & hung a huge banner in the atrium)
 Word of mouth.

Challenges I've encountered:
(eg: people won't get back to me when I leave them a message)
 It's more difficult than I anticipated to turn an idea into an actualized event, and it can be challenging to schedule meetings with academic staff around both of our schedules. Negative feedback on an idea of mine was difficult to hear, but ultimately for the better to ensure that I am not only pursuing causes I'm passionate about, but making sure the things I dedicate my time to will produce value for as many students as possible.

How my work has impacted students in my constituency:
(eg: students are enjoying the lounge area we restored and are making new friends).
 Hopefully my presence where I've volunteered has been positive.

<p>Details on outcomes: <i>(eg: only 50 people attended my workshop, but they had a great time & learned a lot... give more details though.)</i></p>	<p>Nothing to report yet.</p>
<p>Have read council reports: <i>(eg: I've read everyone's council report and EC minutes so I'm well informed & a team player).</i></p>	<p>I try to read whatever is necessary to be informed about committee proceedings prior to each meeting.</p>
CURRENTLY	
<p>Goals I'm pursuing: <i>(list your goals no matter how insignificant they may seem, even if it's just to keep up with regular duties).</i></p>	<p>Discuss why less highschoolers are enrolling in post secondary and what could possibly be done about it through the ULSU, since budget concerns are affecting the student experience. Reviewing proposed policy and making sure it contains real life, applicable, definitions and can serve the students. Inquiring into why statements from certain professors have been described as harmful and what could be done about balancing certain sensitivities while protecting the integrity of our education. Separately, hosting some fun, lighthearted activities for the Arts and Science students to make their terms more enjoyable, and hosting forums for students to express their concerns about the UofL and it's direction with emphasis on a judgement free space. I want everybody to feel safe to speak their mind, regardless of if their opinion is controversial, or only held by a minority of students Also, returning the option of back-in parking to students on campus.</p>
<p>Projects I'm working on: <i>(name your projects with pertinent details & possible timeline of completion)</i></p>	<p>Meet with as many students and staff as possible, find out what they think the problems are within the institution and what they think can be done about it, then determine if they're something I can affect within my role.</p>
<p>Things I'm helping other people with: <i>(please list the things you are helping others with and your duties).</i></p>	<p>Volunteering for mental health week, and sitting on a new committee formed by GA Maleeka.</p>
MOVING FORWARD
