Hours Breakdown

(Meetings, events and activities that I've attended in my role, with an hours breakdown)

- New Student Orientation (1 hr): Sat on the panel of representatives for the Faculty of Education Meet & Greet during NSO. In this, I was able to talk to new students about my experience within the faculty. As well, as answer questions from new students about the faculty and what to expect through their time at the University of Lethbridge.
- Education Undergraduate Society Executive Meeting (Weekly, total: 5 hrs): The Education Representative always attends the EUS meetings, however this year I also am VP Internal, only SU related activities are accounted for. This weekly meeting discusses all activities of the EUS, and is a place to discuss concerns brought up by education students.
- General Faculties Council (1.5 hrs): This is a meeting with representatives and stake holders from across the university. This meeting dealt with the administrative concerns from different areas within the university.
- General Faculties Council Social (0.5 hr): This is the annual social held after the first GFC of the school year for members to meet and connect with each other.
- Education Curriculum Committee (1 hr): This committee discusses all curriculum concerns within the Faculty of Education. I am the only student representative. The topics discussed in this meeting included new program offerings, and course offerings. At the end of the meeting, 2 new series offering were approved for Education Electives.
- Education Executive Committee (1.25 hr): The Education Faculty Executive has a monthly committee meeting, and has a designated

position for student representation on the committee. Through this committee, I was able to offer a student perspective on Education Elective offerings and causes of students trying to fast track through the program and ways to combat these concerns.

- General Assembly Meeting (3 hrs): This was the monthly assembly meeting for the SU. Since it was the first meeting of the school year, there was a number of motions to be passed, resulting in the long meeting time.
- Education Faculty Council (2 hrs): Served as one of 2 student representatives on the council, the other being EUS President Ashley. Discussions covered included a budget presentation, as well as approval of class/program offerings, as well as updates from various representatives within the faculty. I had to leave the meeting early, so only my time within the meeting is accounted for.
- PS1 Classroom Visits (1hr): These classroom visits came as part of talking to students about the Education Undergraduate Society, but allowed me an opportunity to meet PS1 students who would not have been able to vote me into the position this past spring. Through this, I was also able to provide these PS1 students with my personal email, which helps me work towards being more accessible for students to reach.
- Advocacy Meetings (1hr): These meetings took place with VP Academic Gage, in regard to a variety of concerns that were brought up by Education students in a variety of areas of the program.
